## DESTROYED BY FIRE.

A Pennsylvania Town Wiped Out of Existence.

## FIVE HUNDRED PEOPLE HOMELESS

Nearly a Hundred Buildings Were Burned, Leaving but Five Dwellings Standing in the Place—Big Summer Resort Hotel Burned—Fire in the Prison at Toronto—Other Losses by Fire.

WELLSVILLE, N. Y., Oct. 5.—The little lumbering town of Austin, Potter county, Pa., was nearly wiped off the map by a disastrous fire yesterday afternoon and evening. At about 3 o'clock a team drove into the livery stable of R. W. Phillips with a load of straw. The straw struck against a lighted gas jet and in a moment the whole building was ablaze. The livery stable of P. A. Gallup, just north, was soon in ashes and the fire started for the business portion.

It was found necessary to blow up the wooden building occupied as a drug store by George Helmig, in order to keep the fire from the mills. A south wind was blowing and carried the fire to the Methodist church and parsonage, the Presbyterian church and the new opera house. The flames then turned toward the long line of wooden dwellings mostly occupied by employees of the big Goodyear sawmills, and soon 80 houses had been burned to the ground.

The big pumps, which are supplied by a main pond near the village, and which are used only in case of fire, were found to be entirely useless on account of scarcity of water, the pond being at this season extremely low. A special train was run from Costello, a neighboring village, which carried to Austin all the fire apparatus which could be procured in that town.

Only five dwelling houses are left in the town. Fully 500 persons are homeless and are seeking refuge in the few business houses on Main street. Insurance men who are upon the scene of the disaster place the loss at from \$165,000 to \$225,000. The town is infested by a gang of toughs from outside places, and it is feared that considerable of the property saved will fall into their hands.

## QUICKLY REDUCED TO ASHES.

The Largest Summer Resort Hotel in the West Destroyed by Fire.

MINNEAPOLIS, Oct. 5.—The Hotel Lafayette, Minnetonka's most famous hostelry, is a smoldering ruin. Fire was discovered in the laundry yesterday at 11 o'clock. Within an incredibly short space of time the huge structure was a mass of flames. The building was like tinder and in less than half an hour the entire main building was in ashes.

Of the entire establishment everything was consumed save the boiler-house. The big tank caught fire and burst and the deluge drowned the boiler-house. That alone saved it from the flames.

There seems to be small chance that the hotel will be rebuilt. It may be replaced by a club house, but the Great Northern road, its owner, will probably not be connected with a similar venture again.

The chances are that it would have been torn down anyway.

The Lafayette was built in 1880 and finished in 1882, and every year since has been a resort for prominent people from all parts of the country. It was the largest summer resort house in the west, being 745 feet long, 95 feet wide and 90 feet high. The total area of floors in the building amount to three and one-half acres, or five acres including the kitchen, laundry and servants' quarters, which were all detached from the main building. There were 300 bedrooms. No figures have yet been given out as to the loss, but the insurance is said to be about \$75,000.

## BROOM FACTORY BURNED.

Fire in the Central Prison in Toronto, Ontario.

TORONTO, Oct. 5.—Fire at the Central prison here yesterday afternoon did nearly \$60,000 worth of damage. It started in the dry kiln of the broom factory, a 3-story structure to the west of the main prison, and the 80 convicts and their guards working there had barely time to escape with their lives. It quickly spread to the rope factory to the east and the lumber piles to the west.

The fire in the rope factory was confined to the cupola but the valuable machinery was seriously damaged by water. The fire was got under control about 5 o'clock, after reducing the broom factory to the bare walls and destroying half the lumber in store. The losses to the contractors in the various industries are covered by insurance, but the loss to the government on buildings will be total.

Brewery Failure.

LOUISVILLE, Oct. 5.—The Phoenix Brewing company, one of the oldest brewing companies in the city, has assigned to C. C. Vogt, with liabilities of \$250,000, and assets slightly in excess of this sum. President C. A. Weber states that the failure was caused by the filing of a number of attachments aggregating \$18,000 by Goepper & Company, a Cincinnati firm.

## A Boy Murders His Brother.

GREENFIELD, Ind., Oct. 5.—Yesterday afternoon Albert Scott, a boy of 14, murdered his brother, Benton Scott. The latter was very quarrelsome and a few days ago whipped Albert unmercifully. The latter swore he would be revenged and seized the first opportunity. He struck his brother three blows with a pump handle. They proved fatal. Albert is in jail.

Deaths in a Prairie Fire.

MILLER, S. D., Oct. 5.—Persons just in from 20 miles north state that as a result of a big prairie fire one man has died and three others may die. Seven or eight were badly burned, one family of five named Preston all being in a

dangerous condition. Hundreds of tons of hay and grain were destroyed. The fire was caused by men making a fire-break.

## Horses Perish in a Barn Fire.

LAPORTE, Ind., Oct. 5.—An incendiary fire last night burned the buildings on the farm of Edward McCarty, in Kankakee township. Six horses were cremated, and grain in storage and farming implements were consumed. The loss will aggregate about \$5,000, with \$2,000 insurance.

## TERrible FLOOD DESTRUCTION.

Fifteen or Twenty Thousand People Are Drowned in China.

TACOMA, Wash., Oct. 5.—The steamer Victoria brings news of the most disastrous floods that have visited China for many years. Sixty villages near Tung Chou, containing over 80,000 inhabitants, have been destroyed by floods and the people drowned or forced to flee.

There is no means of finding out how many thousands have been drowned, but the number is estimated by Chinese authorities at 15,000 to 20,000.

The flooded district is within 12 miles of Pekin, the capital of China. Survivors from the villages nearest Pekin have been allowed such shelter as they can find in the city walls, but thousands are without protection against the rain, which continues to fall.

The distress of these people is most pitiable. Public spirited and wealthy men of Pekin and Tung Chou are actively assisting the authorities in providing them with food.

The floods have greatly damaged a large number of estates belonging to Pekin nobles. The unusual rains began July 25 and continued until Aug. 15.

The crops in the flooded districts were destroyed. The prefects, local magistrates and people of the flooded districts prayed for the cessation of the rain seven days before they were finally driven out of their homes.

## FEATHERWEIGHT FIGHT.

Sally Smith of Los Angeles Given the Decision Over George Dixon of Boston.

SAN FRANCISCO, Oct. 5.—Sally Smith of Los Angeles was given the decision over George Dixon of Boston in a 20-round fight last night. The match was virtually for the championship of the featherweight class, and Smith is now at the top.

The fight was a remarkable fast one, the men taking no chances except in two or three rounds, when Dixon attempted to force matters. Smith, however, who has greatly improved since he met Dixon, had all the better of the infighting, using his right with great effect both on the body and head. Smith was cool throughout the fight and came out without a mark of any kind. His blocking and ducking of Dixon's leads were the features of the fight, and kept him out of harm's way.

## Ex-United States Senator Dead.

ST. PAUL, Oct. 5.—Samuel J. R. McMillan, United States senator from 1878 to 1888, died at his home in this city late last night of anaemia. He had been ill for nearly a year. He was born in Brownsville, Pa., Feb. 22, 1826. On his retirement from the senate he resumed his law practice, and afterward held no office. A year ago he was one of the leading spirits in putting a stop to prize fighting in Minnesota. He was prominent in the Presbyterian church, and in 1890 was chosen one of the two men from the west on the committee of revision of the confession of faith of that body.

## Fell Dead From a Slap in the Face.

INDIANAPOLIS, Oct. 5.—Robert Coyle, of South Delaware street, was sitting in his room in the rear of Boettler's saloon, when David Worth, a friend, passed through and playfully tramped upon his toes. "What do you mean?" asked Coyle, and at the same time he rose from his chair and slapped Worth in the face. Worth staggered and fell to the floor dead. It is supposed that the death was due to heart disease. Coyle gave himself up to the police and will be held awaiting the coroner's examination.

## Strike at a Glass Factory.

MARION, Ind., Oct. 5.—Two hundred and fifty men in the employ of the Thomas Evans glass works are idle today because of the strike of 70 finishers and mold boys, who struck because they were paid by the piece instead of by the turn, as last year, causing, as they state, a reduction of 25 per cent in wages. The operators claim that they are paying in the same manner as other manufacturers, and will attempt to fill the places of the strikers.

## TIRED OF EXPERT TESTIMONY.

Luetgert's Attorneys Now Trying to Impeach the State's Witnesses.

CHICAGO, Oct. 5.—The seventh week of the trial of Luetgert, the alleged wife murderer, opened with an undiminished crush of people at the criminal court building. All kinds of schemes were resorted to by the throng in efforts to reach the second floor of the criminal court building, where Judge Tuthill's room is located. The police and deputy sheriffs experienced great difficulty in handling the crowd. Only those who possessed tickets were admitted.

Expert testimony occupied the entire

forenoon and part of the afternoon,

when the defense suddenly dropped its line of expert testimony and put on witnesses to impeach the evidence of witnesses for the state. It was apparent that ex-Judge Vincent, chief counsel for the defense, had at last tired of

expert evidence. The testimony of each

succeeding witness was practically a

repetition of that of preceding wit-

nesses. Nothing was being gained,

while the record of the case was being

swelled with a volume of technical med-

FREE SILVER.

India's Appeal to Great Britain—John Bull Charged With Confiscating Half of India's Wealth.

NEW YORK, Oct. 2.—Prof. A. S. Chosh, of the Calcutta University, a native East Indian, sets forth in an article entitled "India's Case For Silver," in the October number of the North American Review, the reason why the people of India desire the reopening of the Indian mints. Prof. Chosh arraigns the British Government for blocking the way to an international agreement for the remonetization of silver, charging that by closing the Indian mints it has confiscated one-half of the wealth of the people of the Indian empire.

He expresses the opinion that England may be forced, out of regard to her own interests, to change her course and he concludes as follows:

"If, however, notwithstanding every entreaty, she proves false to her own and the world's interests, then she may learn to her cost that other nations can act without her and may see the very thing come to pass in retribution which she so long opposed. If she still continues to block the way, if Senator Wolcott's mission fail and the Indian mints remain unopened, then the last hope of India must lie in Mr. Bryan.

"If three years hence his efforts are crowned with success, which necessarily they must if nothing is done meanwhile to solve the great question, he will perhaps find the gold worshipers of Europe, headed by England, waiting in trepidation in his ante-chamber to treat an international agreement. That will be the hour of his triumph and in the anticipation of it the three hundred millions of India will wish him God speed, with all the power of their stricken hearts."

CIVIL SERVICE.

The Commission Will Resist the Fight of Hungry Republicans Against the Law.

WASHINGTON, October 2.—The Civil Service Commission is going to fight for its life. One of the Commissioners said to me to-day: "They can repeal the law if they are so minded to do, but the law will be carried out while it stands. I believe, however, that the law is stronger with the people now than it was ever before." The present determination was brought about by the action of the revenue Collectors assuming that their deputies were responsible to them alone and that they could remove and appoint as it has been decided the Marshals could do. The Attorney General decided in the case of the Marshalship of the Eastern district of Tennessee that United States Marshals had entire supervision of their deputies. The Collectors thought this ruling would apply to them also and so in several cases, notably in Richmond and Nashville, the Collectors have taken the matter of appointments in their own hands.

"The cases of the Deputy Marshals and Deputy Collectors are not at all analogous," said the Commissioner. "The department deputies under the Marshals are officers of the courts, but the Deputy Collectors are strictly Federal office-holders. The Commissioner of Internal Revenue thinks that the Deputy Collectors are under the civil service, but that the Collectors are not required to reappoint them when their terms have expired. We claim that if they are governed by the civil service rules at all they can only be dropped for incompetency."

This question is now before the Secretary of the Treasury and Mr. Gage has asked for a ruling of the Attorney General on the subject. At any rate the Commissioners have decided to test their power in this matter of Deputy Collectors.

They have decided, too, to put the screws down hard on all who try to break or evade the law.

GEORGETOWN O., was visited by a destructive fire last evening. It started about 4 o'clock in the News-Democrat office. One report that ten buildings burned, including one of the school houses. Another report places the burned buildings at seventy-five. From later information the fire started in Flinn's carriage factory, and thirteen buildings were destroyed, including the public school.

The reproduction of the inaugural address of President McKinley and of the famous "crown of thorns" speech of Mr. Bryan at Chicago furnishes the most satisfactory proof of the powers of that wonderful instrument. To be appreciated it must be heard.

Mayor Cox read a letter he had received from the State Commissioner of Agriculture and Statistics requesting a short history of the county and city for the forthcoming biennial report of the bureau. The Commissioner inten's making such histories an interesting feature of the report, and said this would undoubtedly be of great advantage in advertising the natural advantages of cities and counties. Mr. Cox stated that at his request Mr. John D. Taylor had prepared the history of Maysville and the county of Mason and that it was a most excellent sketch. He thought Mr. Taylor unquestionably deserved some remuneration, as he had devoted a portion of three weeks to the work. On motion Mr. Taylor was allowed \$25. From the histories thus furnished the Commissioner intends compiling a handbook of the State which will be widely distributed.

Mayor Cox reported 100 copies of the "C. and O. Headlight" had been received and the \$100 donated for same paid.

The rules were suspended and an ordi-

and the matter was referred to the Gas Committee with power to act.

The crossing at Second and Grave alley was ordered repaired.

A brick gutter was ordered put down in front of the property of Mr. O. H. P. Thomas, Mr. Frank McClanahan and Mr. Greenlee on west Third street. They have lately put down a nice pavement.

The Ways and Means Committee was authorized to borrow \$1,500 for thirty days to pay current expenses.

An extra bond for \$500, printed some time ago but remaining unsold, was ordered destroyed.

Mrs. Ballenger's Funeral. The funeral of the late Mrs. J. M. C. Ballenger will occur Wednesday morning at 10 o'clock at the M. E. Church, South, Rev. J. S. Sims officiating. Interment in the Maysville Cemetery.

THE Fiscal Court convened this morning.

## Hechinger & Co.'s

Fall styles are shown in scores of handsome new cuts. Weavers' wits were never more versatile in producing attractive loom effects. Skill in wholesale tailoring has made marvelous progress in recent years. No better evidence is needed than a critical inspection of ready-to-wear Clothing made for them. There is a nicety of detail, a carefulness of finish, a symmetry of cut that denotes master minds and master hands.

This not only has reference to their Clothing but also to their other different departments. Nowhere will you see so handsome a display of Gentlemen's Furnishing Goods, fine Shirts, Hats, Collars and Ties as Hechinger & Co. show.

Have you looked at their stock of

### MASON COUNTY GUN CLUB.

Meeting To-morrow Night at Mayor's Office to Organize—Game and Fish to be Protected.

It was stated some days ago by the BULLETIN that a move was on foot here to organize a gun club. Quite a lively interest was developed by the clay pigeon shoots at the late fair, and the organization of a large club is almost a certainty. One object of the club will be to see that the laws for the protection of game and fish are enforced. Much can be done along this line. The club will no doubt also arrange to give a series of clay pigeon shoots at an early day and some lively sport is anticipated. Following is the call issued for the meeting to-morrow night:

#### NOTICE.

All persons interested in the formation of the Mason County Gun Club and Society for the Protection of Fish and Game are requested to meet at the Mayor's office, Maysville, Ky., Wednesday, October 6th, at 7 p.m., for the purpose of organizing said club and taking such steps as will tend to protect the fish and game of Mason County.

Every one interested is invited to be present and take part in said meeting. The young farmers of Mason County are especially invited to participate. By order of committee,

W. HENRY WADSWORTH, Sec.

### BOONE DAY.

It May Be Celebrated In Kentucky Schools on October 22nd—Move Now on Foot.

The patriotic women of Kentucky have inaugurated a movement to perpetuate the memory of the heroic deeds of its greatest pioneer, Daniel Boone, by establishing a Boone Day in the schools of this State on his birthday anniversary, October 22nd.

The movement was originated by the Rebecca Boone Chapter, D. A. R., of Covington.

On this day all the teachers in the State will be asked to commemorate Boone's deeds by telling their pupils of his bravery and instilling in their minds a love of their State and its founders.

The "Boone Day" advocates also propose to restore the Boone monument at Frankfort, which was almost destroyed during the late unpleasantness. Artist H. F. Farney, Colonel Durrett and Mr. Samuels, of Frankfort, have been selected as a committee to superintend the reconstruction.

### LAST RIDE IN A PRAIRIE SCHOONER.

Six Persons Killed and One Fatally Injured By a Train.

WILLOW SPRINGS, Mo., Oct. 5.—Six persons in a prairie schooner were killed at 9 o'clock yesterday by being struck by a passenger train on the Kansas City, Ft. Scott and Memphis road at Sterling, Mo.

Philip L. Wooten and family were going from Texas county, Mo., to Arkansas to pick cotton, and were crossing the track at "Dead Man's Cut," when the train struck the wagon.

The dead are: Philip L. Wooten, Dora Wooten, Mary Wooten, Philip Wooten, Mrs. Francis Mobley, daughter of Wooten; infant of Mrs. Wooten. Wooten's wife was probably fatally injured.

The train was stopped and the remains of the dead and injured were brought here.

Conductor Hallaway says proper signals for crossing were given, but they were not heard. The crossing is considered one of the most dangerous in the country, being a curve and a heavy grade.

### FARMERS OUT WITH SHOTGUNS.

They Are Searching the Woods For Persistent Thieves.

PORTLAND, Ind., Oct. 5.—A heavily armed posse of farmers, numbering 75 or more, spent the greater part of yesterday afternoon and last night scouring the heavy woods east of Eryant, hunting for the persons who have been guilty of much petty thieving in that vicinity.

The posse was reinforced by many more from over the Ohio line. Every nook and cranny was delved into, but the thieves eluded them. There would have been trouble had they been caught. It is said that a more thoroughly organized party will start out, and interesting developments are expected.

### Mob Excitement Subsided.

MARION, Ind., Oct. 5.—Noah Johnson, charged with shooting down Miss Tacy Mang in cold blood a week ago, was brought here yesterday from Kokomo, where he was taken to avoid the possibility of mob violence. Johnson was arraigned on the charge of murder in the first degree and entered a plea of not guilty. The attorney for the defense asked that the trial of the case be not set for the present, and the prisoner was remanded to jail. The excitement occasioned by the murder has subsided, and there is no more talk of mob violence.

### Wholesale Clothiers Fail.

CINCINNATI, Oct. 5.—David B. Sachs and A. R. Morrison, who have been in the wholesale clothing business under the firm name of Sachs & Morrison, on Pearl, near Vine street, made an assignment early Monday morning to Max B. May. The assets are \$25,000 and the liabilities \$50,000. The cause of the failure is losses in business and unexpected withdrawal of financial assistance.

### Woman Horribly Injured.

DANVILLE, Ind., Oct. 5.—While Mrs. Elmer Gentry was watching a cow eating, she stooped over just as the animal raised its head from the bucket. One of the cow's horns caught her on the inside corner of the right eye, tearing the skin from her face across to the left eye and breaking the bridge of her nose. It is not thought, however, that her sight in either eye will be impaired.

### Will Take the Old Men Back.

BUTLER, Ind., Oct. 5.—During the railroad strike of 1894, large numbers of Wabash employees were laid off and their applications for reinstatement have not been heeded. It is now given out here on good official authority that all the old men will be taken back as rapidly as possible. This will mean the reinstatement of several hundred men over the entire system.

### Water Selling at Five Cents a Quart.

OSCEOLA, Ark., Oct. 5.—Owing to the long continued drought in this vicinity wells and springs have gone entirely dry, and the people now are compelled to buy water for drinking purposes. Water sells rapidly at five cents a quart, fresh southerly winds.

### Indications.

Fair in the morning, followed by threatening weather near the lakes; warmer; fresh southerly winds.

### BASE BALL.

### The New Champions Took the First of the Temple Cup Series.

BOSTON, Oct. 5.—The new champions took the first game for the Temple cup yesterday, defeating the Baltimores in a close contest more through a combination of lucky hits and daring base running, assisted by darkness in the last two innings, than by any great superiority of play. Neither team showed championship form, while the work of the home team was at times very much below the mark.

### Housekeeping.

If a woman is in good health there is no more healthful employment than housework. Generally speaking, there is no happier woman in the world. But how different when every breath is pain, every step torture! This state of health, in nine cases out of ten comes from derangement of the delicate, feminine organs of generation. The family doctor inquires first concerning these. He most usually insists upon an "examination." From this the modest woman shrinks. She is right. Except in very unusual cases of "female weakness" examinations are unnecessary. Dr. Pierce's Favorite Prescription is a simple, natural remedy for these ills. It cures safely, permanently.

Cisterns are getting low and some farmers are complaining of a scarcity of stock water.

George Fisher has secured a situation in Dayton, O., where he has been for several weeks.

Walter McDaniel, of Covington, returned home the past week after an extended visit here with old friends.

Mrs. Weede Breeze gave an entertainment Friday evening in honor of her guest and relative, Miss Emma Myers, of Carlisle. Excellent music by Messrs. Adams, Smith and Foster was one of the happy features of the evening, together with the many kindnesses of the pleasant host made it a memorable evening to the large crowd present.

Mr. Samuel Thornton, who has been visiting his sister-in-law, Mrs. Robert H. Williams, received a paralytic stroke in her right eye Monday night of last week. The stroke was pronounced a fatality to the sight by Dr. Owens. Her husband was immediately sent for. They returned to their home at Covington Saturday evening. The sad occurrence was a shock to her friends here who sympathize with her in her affliction.

### THE "WINDY CITY."

A Maysvillian Writes of His Recent Visit There And Of Things He Noted.

*Editor Bulletin:* While on a visit to my son Walter at Chicago during July and August, I attended St. James' Methodist Church. It was one of the finest churches I ever was in. Then it was not quite finished. Week before last the committee sent me a very handsome card inviting me to the dedication. Since then some one kindly enclosed me the Chicago Tribune's full statement of the dedication and a list of some of the donors. The debt was \$60,000. G. F. Swift, the beef packer, donated \$17,000, N. W. Harris \$7,000; the pastor, Mr. McIntyre \$1,000. B. shop McCabe who dedicated the church remarked, You are fortunate to have a pastor who can preach and can give as well as beg. The church lot is 200 feet square, size of building 100x180 feet. The lot must have cost \$200,000. It is situated on a corner lot, boulevards on both sides and surrounded with palaces. So soon as it was known the debt was paid, the Bishop sang out, "We have done it, glory to God; sing praises my friends. Sing as you have never sung before." The pastor and the congregation with tears of joy sang, "Praise God From Whom All Blessings Flow."

Who says Chicago is not a great city? I once saw \$90,000 raised at the Union Chapel, Covington, Ky., Amos Shinkle giving \$45,000, and the congregation \$50,000. This was over forty years ago.

A word more about this church. My first Sabbath morning was happily spent in school. The music my pen nor tongue can describe. The song "Whiter Than Snow" was sung by 500 by the school, accompanied by a cornet, piano and violin. A lovely lady with a dress whiter than snow played the violin; when the music commenced, I felt like dancing, not the round dance, but of joy. But when the whole school joined in the chorus I felt like shouting, and so I did, bless the Lord, bless his holy name.

A word about the Windy City. One of the animated night scenes is the Salvation Army brigades which are to be found in all prominent sections, carrying on their warfare against sin. They are fast gaining the respect of all classes, are doing great good, all brought by one man's brains, Booth. This city is enterprise beyond belief and ere long will be the largest city in the world. It has elevated railroads, surface roads below. G. F. Swift and Armour have each one mile square in which to carry on their immense trade, not only with this country, but with all the world. I visited their place of business; they employ 550 clerks and 80 typewriters and stenographers, all on one floor, part men and part women. The day I was there Swift was shipping 2,500 cattle and every day he kills 1,200. Two of our Mayville boys (McDonnells) have been there several years and are doing well. I have a son, W. B. Phister and a grandson, Charles M., who are citizens of this great city.

The women have made an advance in civilization. Side saddles are played out. She sits on a horse like a man. Her outer skirt is divided and part falls gracefully on one side and the other behaves the same. Wonder if some of my old bachelor friends wouldn't like to see this fashion introduced in Maysville.

CHARLES PHISTER.

### IN MEMORY

of Ella J. Dugan, who died at her home in Selig, O., September 5th, 1897.

We do not mourn the ripened ear. That falls before the sickle keen; We do not weep the brown leaf rear, Nor strive to hold the summer sheen;

For these their mission well have wrought. Their records make a goodly show, We joy to see the harvest brought, For it is meet that such things go.

But o'er the broken bud we sigh To know its fragrant pulses stilled; We weep to see it early die With all its promise unfulfilled.

So mortals speak, in bitter woe; 'Tis not the language of the sky, For list'ning angels say not so,

As in the shadows they draw nigh.

Why mourn that Ella reached the goal Before the storm broke on her path? Why weep? The darling of your soul Has missed the fury of its wrath.

You longed to see the bud unfold, In this dark world of care and sin, Its first thicks deepen unto gold—

But who can say what might have been?

Her hopes, unscared by Passion's heat, She wove, in life's last fleeting day, Into a garland fair and sweet

For 'er at Jesus' feet to lay.

Earthly affections pure grew,

Ambitions all were laid to rest;

Her treasure now, full well she knew,

And sighed to be with God, most blest.

Such passing, no one should deplore;

It is fruition of the Christian's hope,

The happy housing of the harvest store—

A glorious horoscope!
